One of the most popular foods of all time is chocolate. People nowadays eat chocolate in many different forms. We eat chocolate candy, and we drink hot and cold chocolate drinks. The chocolate we eat today is made from a lot of different ingredients, but the most important ingredient is cacao bean.

The story of cacao bean and its long journey to supermarkets started hundreds of years ago in Mexico. Cacao trees need hot and humid weather, and they originally grew in the Yucatan Peninsula.

The Maya were the first people to eat cacao beans. They picked cacao beans from wild trees and cleared land to cultivate their own trees. They made a drink from cacao beans and exchanged the beans for other goods. Mayan merchants traveled north and introduced cacao beans to the Aztec people. Soon the cacao bean was part of the Aztecs´ lives. They used it as a drink, even as money. With 10 beans, you could buy a rabbit. With 100 beans, you could buy a horse.

The Aztecs could not grow cacao trees because of the dry climate. When the Aztecs visited the Maya, they asked for cacao beans as a gift.

1- Write a paragraph about "Your Hobby"

You may use these words: painting – drawing – picture – brushes – relaxing - ….

Engaging in a hobby is an essential part of my life, and one of my absolute favorites is painting. When I have some free time, I love to immerse myself in the world of colors and creativity. I take out my painting supplies, including brushes and a canvas, and start working on a new picture. The process of painting is not only a means of artistic expression but also incredibly relaxing for me. As the colors blend on the canvas, I feel a sense of tranquility and escape from the daily hustle and bustle. Whether I'm capturing the beauty of nature or expressing abstract thoughts, painting is a hobby that brings immense joy and fulfillment to my life, allowing me to connect with my inner artist .and create something unique

You may answer these questions:

Where and when were you born? Where were you raised and educated?

Who do you live with? What do you like to be?

My life story is a journey filled with unique experiences and meaningful moments. I was born in abha on 1427, and it's where the first chapter of my life began. I was raised and educated in abha, where I had the privilege of receiving a quality education that shaped my perspective and values. Throughout my life, I have been fortunate to be surrounded by a loving family, and I currently live with my Family.

As for my aspirations, I have always been driven by a desire to make a positive impact on the world. I dream of becoming a doctor because I believe it aligns with my passion and values. My life story is still unfolding, and I'm excited to see where the next chapters will take me, the people I will meet, and the experiences that will shape my journey.
