I go to piano lessons after school on Tuesdays, but I also practice at home every day. I always play new tunes **carefully**, so I don't make any mistakes. I enjoy playing my music. 1 Read and check () the correct behavior.

1 Eat healthy food and drink water.

2 Wash your hands before you eat.

2 Read the Good Hygiene poster. Then write do or don't after each sentence.

Some Good Hygiene Habits

We all want to be healthy. No one likes to feel sick. So here are some ideas on how to take care of yourself and keep healthy.

You should always wash your hands before you eat.

You should sleep for ten hours every night. You shouldn't play on a computer or tablet at bedtime. You should read a book so you will sleep better.

Whenever you use a digital device like a tablet, you should rest your eyes. Doctors say for each hour of use, you should rest your eyes for ten minutes!

You must cover your mouth with your elbow or a tissue when you cough. You must wash your hands after because you might make someone else sick.

You should get regular exercise outside. You can play a sport or just play outside with friends. But be careful so that you don't get hurt.

NOW REMEMBER TO FOLLOW THESE PRACTICES AND YOU WON'T FEEL SICK.

1	Wash your hands before you eat.	do
2	Sleep for ten hours a night.	
3	Play on a tablet before you sleep.	
4	Rest your eyes from time to time.

In the past, the weather was very cold, and the ground was completely covered in snow in the north. There was also a lot of coastal sea ice and large glaciers.

But now, the weather is warmer. The temperatures are going to be rising, and, as a result, the sea ice is going to be melting. It's also not very snowy anymore in Alaska. The snow and ice are melting, so polar bears are losing their habitat.

The temperatures today are around -20 °C in January and 10°C in July. The weather is still cold in the winter, but warmer than in the past compared to the last 50 years. Experts say that Alaska is going to get two degrees hotter by the year 2050. In the past, the weather was cool in the forests in the south, but now there are more hot, sunny days. This can cause forest fires which destroy habitats and harm animals.

Today we laughed a lot in class. Our teacher played a movie about the story of a funny donkey. In the movie, the donkey played in the playground with all the students. Then a student wanted to ride the donkey. The donkey started running around and dropped her in some leaves. The girl cried in the story, but I laughed and laughed because it was a good story. I liked the story a lot, but I think my favorite story is about a man who lived in the forest. He didn't like other people, he preferred animals. There weren't any trees on the mountain where he lived. So every day, he planted a tree. After a lot of years, he created a beautiful forest for all the animals to live in.
