The History of Money

Teacher: Today we're talking about the history of money. First, does anybody know where the word 'money' comes from? No? Well, it's from Roman times about 2,500 years ago, the Romans built a mint, or a factory for making money, next to a building called the moneta. People called the coins made in the factory moneta.

Student 1: So money comes from the Latin word moneta?

Teacher: That's right. But moneta referred only to coins. The Romans didn't have paper money. Now, what about the phrase 'He isn't worth his salt'?

Student 2: Well, salt sounds a little like salary.

Teacher: Yes, that's right. Before the Romans had coins, they used to pay people with salt. Salt was very valuable in those days. It was called salarium in Latin, so that's where we got our word salary.

Student 1: Wow – I wouldn't like to be paid in salt!

Student 3: So, if we say a person isn't worth his salt, we mean he isn't a good worker, right?

Teacher: Right. He isn't worth his salt means he isn't worth his salary. Now, I'd like you to read this article on the history of money ...

Waseem and Mustafa - Fitness and Health

Waseem: Hi Mustafa. How are you?

Mustafa: Hi Waseem. Yes, I'm fine apart from I hurt all over!

Waseem: Why? What happened?

Mustafa: I joined the gym.

Waseem: But you aren't supposed to hurt yourself when you join a gym.

Mustafa: I know, but the personal trainer told me to do twenty minutes on the running machine and then we did forty minutes on the weights. It felt fine while I was doing it but now, I can hardly move.

Waseem: Why did you join the gym?

Mustafa: Well, I've put on a lot of weight and I wanted to lose it.

Waseem: And … what's the gym like?

Mustafa: Oh – it's really good. They give you a full health check free when you join, and you can have a personal trainer if you like.

Waseem: What are the classes like? I want to join a cycle class because I want to get fit. I've heard cycling is one of the best ways to strengthen your heart and burn calories. And I'm so unit – I have to do something.

Mustafa: Why don't you join?

Waseem: But do they have any cycle classes?

Mustafa: Mmm … I think so. I'll check the website and get back to you. Maybe we could go together?

Waseem: Yes, that's a good idea.

Mustafa: OK, I'll text you or email you tomorrow with the information.

Waseem: Fine.

Many years ago, I read that credit cards were the thing of the future. Credit card companies were telling us that plastic would replace cash. Well, this hasn`t happened. People are still using notes and coins. The Internet has increased the use of credit cards, but many people worry about putting their card details online. Lots of personal info gets stolen by fake sites pretending to be famous banks or online stores. Personally, I love credit cards. I always prefer to pay by card than by cash. When you use your card, you get air miles and every six months you can cash them in for presents. I do worry about credit card security. I keep waiting to see a huge purchase on my statement that I didn`t make.
