Read the passage a

Ahmed has two brothers, Sami and Omar. Sami likes football, and Omar enjoys reading science books. Ahmed moved to another city last year. At first, he felt nervous because everything was different. The people spoke in a different way, and the food tasted unusual to him. However, Ahmed slowly made new friends at school. His classmates were friendly and helpful. One day, Ahmed joined a school project about traffic safety. He learned many important rules about driving carefully and helping others on the road. II. Comprehension:

Read the passage then answer the questions below:

The Messenger of Allah, Prophet Mohammad (peace be upon him), was born in 570 CE in Makkah. Because his parents died when he was very young, he was raised by his grandfather and later by his uncle, Abu Talib. He also lived with Bedouins for a few years, to learn the classical language and their simple way of life. At the age of 25, Mohammad married a woman called Khadija (may Allah be pleased with her) and lived with her for over 20 years, until she died. Khadija chose him because of his **honest** and responsible nature.

When he was 40 years old, he received the first verses of the Holy Qur'an from Allah and became the last prophet. Then he had to deliver these verses to all mankind.

The Qur'an talked about Allah's kindness and also the need for people to be good towards other people.

One day, during prayer, the Prophet heard a child cry. For this reason, he shortened the prayer so that the child could go to his worried mother. Another example involves a poor man. The Prophet Mohammad felt so sorry for him that he gave **him** the only clothes he had. He was merciful even with his enemies, and he would forget their insults.

The Prophet was also kind to animals. One day, he saw a camel that was suffering because it couldn't carry its load. The Prophet felt that its owner was cruel to it, and he was **upset**.

The Prophet died in 632 CE, but by then he had managed to spread Islam and its teachings in the Arabian Peninsula and unite the Arab tribes in the name of Allah.

Before you travel to a foreign country, it is a good idea to learn a few things about the customs and gestures of the people. These may be very different from yours and if you are not familiar with them, you might make a fool of yourself or even get into **trouble**!

Saudi Arabia

Many Saudis offer their guests a delicious ‘gahwa’, or Saudi coffee, which they pour from a special coffee pot which is held high above the guest’s cup. What most foreigners don’t know is that your host will keep pouring coffee until you let him know you don’t want any more. You do this by shaking the cup from side to side.

INDIA

Be careful when you want to point at something in India, because it is impolite to use your finger. You should either signal to something using your chin, or even better, your whole hand. Also, in some places, you need to remove your shoes. It’s considered rude behaviour if you don’t. And if you offend someone, the best way to say sorry is to tap the person on the shoulder, then tap your forehead.

Peru

Raising your eyebrows in most countries is a sign of surprise. But in Peru it means ‘money’ or ‘pay me’. So, if someone from Peru owes you money, remember to raise your eyebrows.

China

Greeting in China is usually a slight nod and a bow. Also, it is **polite** to offer a gift to a Chinese host when you visit. However, hosts will often refuse the gift many times before **they** accept it.
